

WHO WE ARE

CHONGQING CHONGBAMBOO GROUP

Chongbamboo is a company specializing in the sustainable planting, processing, research, production and sales of plant fiber products.

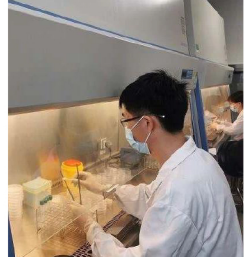

We focus on using fast-renewable resources such as bamboo, sugarcane, straw, etc. to create high-quality environmentally friendly products. Through innovative patented technology, we produce biodegradable knives, forks, spoons, plates, bowls, cups, straws, paper towels and lunch boxes. These products are not only waterproof and oil-proof, fluorine-free, but can also be used in a temperature range of -50 °C to 200 °C fully meeting the diverse needs of different customers, and can fully replace non-environmentally friendly plastic products and coated paper products.

Our products have been exported to the United States, Canada, Australia, Japan and other countries. Due to our commitment to product quality and sustainable development, we have obtained numerous international certifications, such as PFAS, BPI, FDA, LFGB, MSDS, PFA, etc. We are committed to promoting the sustainable development of the global environment, reducing people's dependence on non-renewable resources, and creating a greener and more sustainable future.

CERTIFICATION

WHY CHOOSE US

PURE BAMBOO FIBER RAW MATERIAL

Healthy and environmentally friendly, food-grade materials

Raw material: bamboo fiber, tapioca

100% BIODEGRADABLE & COMPOSTABLE

Complete degradation within 60 days

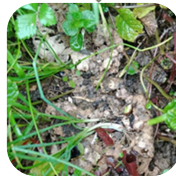

First day

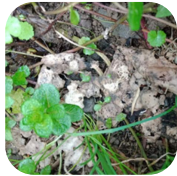

10 days
10% Degradation

20 days
30% Degradation
